### 2021 EDITION

ASO and ODC are both pleased to announce the organization of the 2nd edition of the Andalucía Rally.

This European rally, stage of the FIA Cross Country Rallies World Cup, will take place from May 12 to 16 from Villamartin. And like last year, the bivouac will be set up on the magnificent place of Hacienda El Rosalejo.

May 11 and 12 will be devoted to Shakedown, administrative and technical checks as well as the prologue for all categories. Then 4 days of stages will follow in the typical Andalusian landscapes.

Building on last years' experience, we are working to bring you the best trails the region has to offer, that have also been adapted to the rally raid discipline, with stages from 200 to 300 km per day.

The bivouac will remain at a fixed point during the entire rally at the Hacienda El Rosalejo and each stage will take place in a loop: start and finish at the Hacienda.

In addition to the few arrows and ribbons distributed along the route, a colored road-book will be given to you. It will be in an electronic roadbook for all Auto FIA competitors.

Each competitor will be equipped with a Smalltrack beacon which will allow us to constantly know the position of all the vehicles and which will allow you to follow the results in real time throughout the stages.

### CHALLENGE ROAD TO DAKAR

**Qualify for the Dakar:** in order to support, train and prepare bike competitors who wish to participate in the Dakar, the Andalucía Rally will be considered under certain conditions as a qualifying race (to see in the next newsletter).
